THIRTY YEARS OF IMPACT

The Children's Advocacy Center of the Bluegrass first opened its doors in 1994 with a simple premise: **to better coordinate the treatment, investigation, and prosecution of child sexual abuse cases in Central Kentucky.**

Entering our 30th year of operation, that idea continues to drive our organization as over **1,000 children** will come to our child-friendly and nurturing building for forensic interviews, medical examinations, counseling, and support in 2024. All services are provided at no cost to a child's family.

WE NEED YOU

In 2024 the **Center** will provide:

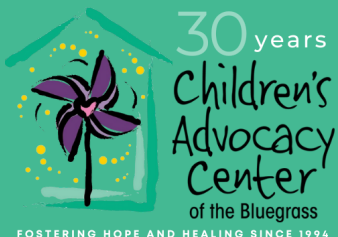

- Over 900 forensic interviews for children following allegations of abuse.
- Approximately 200 medical exams and mental health screens by our medical team.
- 1,250 caregiver and child advocacy touchpoints and responses to crisis calls.
- Over 400 individual Trauma-Focused Cognitive Behavioral Therapy sessions.

Our advocates, interviewers, medical staff, and therapy department are the face of hope, safety, and recovery for survivors of child sexual abuse.

Our Center has provided healing services for children and families for 30 years because of people like **YOU**. Because all of our services are provided to children and families free of charge, contributions are vital. Your sponsorship of this event makes sure that our doors stay open to children in need of hope and healing. These children, who are often hurt by those who should love them most, need a community that surrounds them with love and care. **Will you join us?**

JOIN US TO MAKE A DIFFERENCE

All funds raised from this event will be used to support the mission of the Children's Advocacy Center of the Bluegrass and provide **hope and healing** to every child in need.

The first "Evening for the Children's Advocacy Center" was held in 1997. Since then, over 15,000 children have been served by the Children's Advocacy Center of the Bluegrass.
